Dear Nor,

Re: Astana International Team Xperience 2010 (16-18 July)

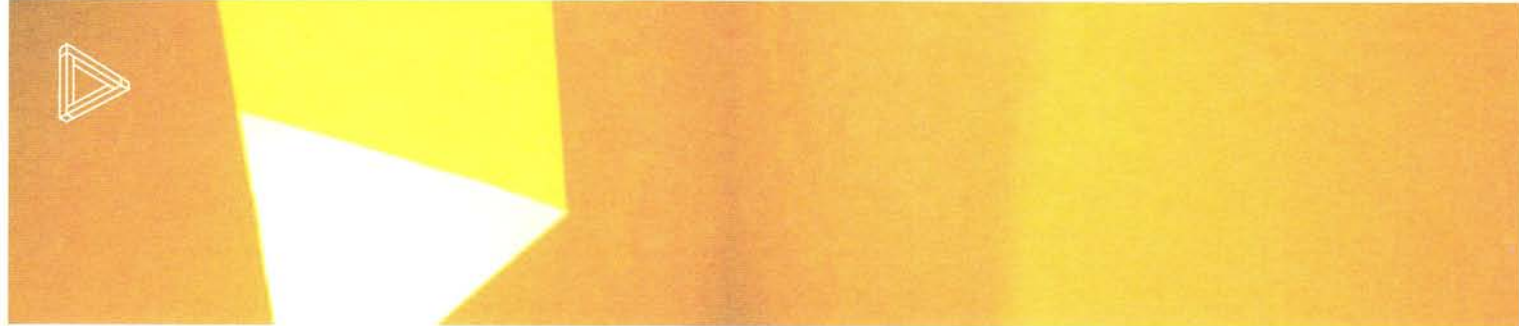

On behalf of everyone at Astana, I wish to convey our appreciation for the program facilitated by Training Touch during our 3day/2nights stint at Janda Baik. It met our objectives and the staff thoroughly enjoyed the experience from the series of activities conducted both indoor and outdoor. The Eco-Challenge, Jungle Trekking, Plank Walk, and Introduction to Rhythm stood out and as being fun, challenging, memorable and reinforced the team spirit amongst us. Additionally, the Power Up was bizarre but it was a blast! Just right for us in advertising.

It was good to get away from the city and we came back feeling recharged despite the joint aches, bruises and bite marks from leeches. Kudos to you and your team for a successful training session. Lastly, you will be pleased to know we've decided to include the team building component into our annual mid-year business review. The only difference is the next one is going to be more intense.

Congratulations again for a job well done.

Regards,

.....
